Have Yourself a STEM-y Little Workshop | \$2

Centered around the holidays, it's all things computer science! Whether you make a guitar out of oranges or solve problems with a computer, get your mind moving with STEM.

It's Beginning to Look a Lot Like Entrepreneurship | \$2

Being a 4-H'er means always learning and improving your skills. Join us for innovative thinking & project brainstorming. Then enter our 4-H MakerSpace to create a product of your own design! Bring a friend & bounce ideas off each other.
